About the Author

Chapter 1	Introduction
	Why Is There a Need for This Book?
	Who Can Benefit from Reading This Book?
	The Need for Universal Data Models
	A Holistic Approach to Systems Development
	What Is the Intent of This Book and These Models?
	What Is New in the Second Edition of the <i>Data Model Resource Book</i> ?
	Conventions and Standards Used in This Book
	Entities
	Subtypes and Supertypes
	Non-Mutually Exclusive Sets of Subtypes
	Attributes
	Relationships
	Relationship Optionality
	Relationship Cardinality
	Foreign Key Relationships
	Foreign Key Inheritance
	Intersection or Association Entities to Handle Many-to-Many Relationships
	Exclusive Arcs
	Recursive Relationships
	Physical Models
	Conventions Used for Illustration Tables
	Conventions Used to Reference Figures
	The Companion CD-ROM
Chapter 2	People and Organizations
	Organization
	Person
	Person—Alternate Model

Party	29
Party Roles	33
Organization Roles	35
Common Party Role Subtypes	36
Should Roles Be Defined at the Time of the Transaction?	36
Party Role Example	37
Role Types throughout This Book	37
Party Relationship	39
Party Relationship Examples	44
Party Relationship Information	46
Status Types	47
Party Contact Information	47
Postal Address Information	49
Geographic Boundaries	51
Party Contact Mechanism—Telecommunications Numbers and Electronic Addresses	53
Party Contact Mechanism (Expanded)	54
Contact Mechanism Purpose	56
Facility versus Contact Mechanism	58
Party Communication Event	58
Communication Event Follow-Up	63
Summary	67
 Chapter 3 Products	 69
Product Definition	70
Product Category	71
Product Identification Codes	75
Product Features	76
Product Feature Interaction	78
Product Feature Subtypes	78
Product Feature Examples	79
Unit of Measure	80
Suppliers and Manufacturers of Products	81
Inventory Item Storage	84
Product Pricing	87
Pricing Subtypes	87
Price Component Attributes and Relationship to Product or Product Feature	89
Pricing Factors	89
International Pricing	91
Example of Product Pricing	91
Product Costing	93
Product to Product Associations	96
Products and Parts	100
Summary	104
 Chapter 4 Ordering Products	 105
Standard Order Model	106
Order and Order Items	109

Order Parties and Contact Mechanisms	
Sales Order Parties and Contact Mechanisms	
Party Placing Order and Related Contact Mechanism	
Party Taking Order and Related Contact Mechanism	
Ship-to Party and Contact Mechanism	
Bill-to Party and Contact Mechanism	
Person Roles for Orders	
Purchase Order Parties and Contact Mechanisms	
Generic Order Roles and Contact Mechanisms	
Order Adjustments	
Order Status and Terms	
Order Status	
Order Terms	
Order Item Association	
Optional Order Models	
Requirements	
Requirement Roles	
Requirement Status	
Product Requirements	
Order Requirement Commitments	
Requirement Example	
Requests	
Request	
Request Items	
Quote Definition	
Quote Roles	
Quote	
Quote Items	
Quote Terms	
Agreement Definition	
Agreement Item	
Agreement Terms	
Agreement Pricing	
Agreement to Order	
Summary	

Chapter 5	Shipments	159
	Shipments	160
	Shipment Types	161
	Shipments Parties and Contact Mechanisms	162
	Shipping Detail	163
	Shipment Status	166
	Shipment-to-Order Relationship	167
	Shipment Receipts	170
	Item Issuance for Outgoing Shipments	173
	Shipment Documents	176
	Shipment Routing	178
	Shipment Vehicle	180
	Summary	182

Chapter 6	Work Effort	185
	Work Requirement and Work Efforts	186
	Work Requirement Definition	186
	Requirement Types	188
	Anticipated Demand	190
	Work Requirement Compared to Order	190
	Work Requirement Roles	191
	Work Effort Generation	193
	Work Effort Type and Work Effort Purpose Type	195
	Work Effort Attributes	195
	Fulfillment of Work Requirements	196
	Work Effort and Facility	198
	Work Effort Generation—Alternate Model	198
	Work Effort Associations	200
	Work Effort Association Definition	200
	Work Effort Dependency	203
	Work Efforts and Work Tasks	203
	Work Effort Party Assignment	203
	Work Effort Party Assignment	205
	Party Skill and Skill Type	206
	Work Effort Status	207
	Work Effort Party Assignment	207
	Work Effort Role Type	208
	Work Effort Assignment Facility	209
	Work Effort Time Tracking	209
	Work Effort Rates	211
	Work Effort Assignment Rate	214
	Inventory Assignments	215
	Fixed Asset Assignments	217
	Fixed Asset	218
	Fixed Asset Type	218
	Fixed Asset Assignment and Status	219
	Party Fixed Asset Assignments	220
	Work Effort Type Standards	221
	Work Effort Skill Standards	223
	Work Effort Good Standards	223
	Work Effort Fixed Asset Standard	224
	Work Effort Results	224
	Summary	227
 Chapter 7	 Invoicing	 229
	Invoices and Invoice Items	230
	Invoice Roles	234
	Billing Account	237
	Invoice Specific Roles	240
	Invoice Terms and Status	242
	Invoice Status	242
	Invoice Terms	244
	Invoice and Associated Transactions	244
	Billins for ShiDment Items	245

	Billing for Work Efforts and Time Entries	
	Billing for Order Items	
	Payments	
	Financial Accounts, Deposits, and Withdrawals	
	Summary	
Chapter 8	Accounting and Budgeting	259
	Chart of Accounts for Internal Organizations	260
	General Ledger Accounts and Types	260
	Organization GL Account	262
	Accounting Period	263
	Accounting Transactions Definition	265
	Business Transactions versus Accounting Transactions?	267
	Accounting Transaction	267
	Accounting Transactions and Their Related Parties	268
	Accounting Transaction Details	270
	Transaction Detail	270
	Relationships between Accounting Transaction Details	273
	Account Balances and Transactions	275
	Subsidiary Accounts	276
	Asset Depreciation	278
	Budget Definition	280
	Budget	280
	Budget Item	282
	Budget Status	282
	Budget Revision	283
	Budget Review	286
	Budget Scenarios	288
	Usage and Sources of Budgeted Amounts	289
	Commitments against Budgets	292
	Payments against Budgets	293
	Budget Relationship to General Ledger	295
	Budgeted Items versus General Ledger Accounts	298
	Summary	298
Chapter 9	Human Resources	299
	Standard Human Resources Model	300
	Employment	302
	Position Definition	303
	Position	305
	Position Authorization	305
	Position Type	306
	Position Responsibilities	306
	Position Type Definition	307
	Organization	307
	Position Fulfillment and Tracking	309
	Position Fulfillment	310
	Position Status Type	311
	Hiring Organization	311
C	Other Considerations	311

Contents

Position Reporting Relationships	312
Position Reporting Structure	312
Salary Determination and Pay History	314
Position Type Rate	316
Pay Grade and Salary Step	317
Pay History and Actual Salary	318
Benefits Definition and Tracking	319
Employment	319
Party Benefit	320
Period Type	321
Benefit Type	321
Payroll Information	322
Employee	322
Payment Method Type	324
Payroll Preference	324
Paycheck	325
Deduction and Deduction Type	326
Employment Application	327
Employee Skills and Qualifications	328
Employee Performance	328
Employee Termination	333
Summary	333
 Chapter 10	
Creating the Data Warehouse Data Model from the Enterprise Data Model	337
The Data Warehouse Architecture	337
The Enterprise Data Model	338
The Data Warehouse Design	338
The Departmental Data Warehouse Design or Data Mart	338
An Architected Data Warehouse Environment	339
The Enterprise Data Model	340
Transformation Requirements	340
Process Models	342
High-Level and Logical Data Models	342
Making the Transformation	343
Removing Operational Data	345
Adding an Element of Time to the Warehouse Key	346
Adding Derived Data	346
Creating Relationship Artifacts	347
Changing Granularity of Data	350
Merging Tables	351
Creation of Arrays of Data	352
Organizing Data According to Its Stability	354
Summary	355
 Chapter 11	
A Sample Data Warehouse Data Model	357
Transformation to Customer Invoice	358
Removing Operational Data	358
Adding an Element of Time	359
Adding Derived Data	360
